Buildings: 9999 School Wide

Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

Ash Creek Elementary is requesting an air unit for our cafeteria and one classroom. Our old system is a cooler in the kitchen and the system is not providing cooling to the cafeteria, They is no air in the classroom which we use for our science lab, we have a portable air unit in there and that also is not providing cool air no heat during the winter in this room. The temps range to 95 degrees in the cafeteria this is a health issue for the cook and students. Design and esitmates for this project are pending respond from SFB.

Project Category: HVAC

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N
